Aligning with our vision to create a sensitive and inclusive space, Maharana Pratap School of Pharmacy is committed to promise a gender-sensitive campus for students, staff and faculty. The institution endeavours to establish an educational space free from harassment or gender-based discrimination.

OBJECTIVES: The College is committed to address discrimination and harassment on the basis of gender with sensitivity and professionalism. Going beyond the domain of academic discourse, instilling humane values and awareness in students and staff alike shall remain a priority.

- As per the UGC recommendations the college ensures to fulfil the “mandatory requirements to end gender-based violence and harassment” by establishing provisions for safety of women students and employees on the campus.
- The institution is careful that the concern for safety should not lead to infantilisation of women leading to their disempowerment. The focus is on providing safer spaces, proper lighting and shuttle buses because “the mentality of policing as a panacea for deep prejudice only spawns alternative forms of violence and subjugation”.
- Maharana Pratap School of Pharmacy shall create a safe space to counter gender discrimination and violence. It has zero tolerance policy against any form of gender exploitation and takes preventive measures to ensure a respectful place for individuals across the gender spectrum.
- The harassment policy in the college shall be informative, preventive, corrective and rigorous. It is established with the intent of educating students and others about the presence of gender diversity in the campus.
- Through seminars and events on gender diversity the students will be engaged in an open discussion on various issues like sexuality, hygiene, violence, laws and rights related to different genders.
- Through intersectional approach the students shall be made aware of social inequalities so that they can develop a holistic and socially aware outlook towards gender issues. Internal Complaints Committee.
